Magazine Subscription Service

Order Form for 2008

There are a wide range of English-language liturgical publications available from around the world. These address a variety of needs, some entirely pastoral, others much more academic in their approach. They have proven themselves to be of great value in assisting clergy and other liturgical ministers to deepen their understanding of the liturgy, and helping them to develop their ministerial skills.

However in England and Wales often individual subscribers have been put off taking out subscriptions to such magazines because of the difficulty and expense of making payment to overseas publishers.

The Liturgy Office offers a one-stop subscription service for a range of publications from Australia, Canada and the United States. Payment is made by subscribers to the Liturgy Office by cheque in Pounds Sterling, and we do the rest.

If you wish place to subscribe to any of the listed magazines for 2008 then please return this form together with your cheque, made payable to CaTEW. We must receive these by **Friday 30 November** so that we have them in time to place orders ready to begin from January 2008.

Sample copies (where available) on request.
